To **NIRIKH COMMUNICATIONS**

It is my pleasure to thank you for making the documentary titled “**Agiye Jawa Bishwambarpur**” which was planned, designed and executed by the Upazila Administration, Bishwamabarpur, Sunamganj.

This documentary contains the beautification and development works done by the Upazila Administration. It also contains the local heritage as well as the livelihood of marginal people of the upazila. Through this documentary the changes brought in effect in last 2 years are clearly demonstrated. It is a well articulated, professionally made and technically sound documentary.

Wish you all the best to your professional journey
