TO WHOM IT MAY CONCERN

This is to certify that, “NIRIKH Communications” was given a contract by Sunamganj District Administration to make a series of documentaries named “OgroJatra”- on development and services provided by the government at the grassroot level. 88 documentaries were made by ‘NIRIKH Communications’ each lasting 8 to 10 minutes.

NIRIKH Communications did the job successfully with full professional expertise. Their punctuality as well as state of art attitude was really admirable.

I wish all success for their future endeavors.
